About SWAG Park & Rec

The best place to be on Earth. Also, this district is fictional and shouldn't be taken seriously or viewed by anyone... just kidding.
— George Jefferson

SWAG Rec and Park offers its residents a wide range of social and recreational activities at our beautiful facilities on the shores of Coffin Bay. Included are aa Jr. Olympic-size swimming pool, large pool deck/patio area, playground, picnic pavilions and BBQ grills throughout the park, recreation hall with kitchen, a ball field, fishing pier and marina complete with boat launching ramp.

There are clubs to suit almost every interest including the Yacht Club, Garden Club, Woodchoppers Club, and other activities.

We have a beautiful hall for Weddings, Anniversaries, Graduations, Birthdays and other Celebrations, that is available for rent to the public and has a capacity of 224.

Non-Bayshore Gardens Residents may rent a boat slip, or the recreation hall for events.

We are conveniently located on Coffin Bay in Manatee County between Bradenton and Coffin and approximately 2 miles north of the Coffin-Bradenton International Airport.

District Financial Information

In compliance with state law, we provide income and expense information to the State Controller's office annually. To view this data please visit the State Controller's By The Numbers website.

Concepts: Information Architecture

“High level”: menu navigation + home page

“Low level”: teasers + **landing pages**

Concepts: Information Architecture

High level = general

Low level = specific

The screenshot shows the 'Governance' menu expanded, with 'Board Meetings', 'Transparency', and 'Board Members' listed. A red arrow points from the text 'High Level' to the 'Board Members' link. Below the menu, the 'MEET THE BOARD' section features a cartoon avatar of Rudy Gutierrez, with details about his position, term, and appointing authority. A red arrow points from the text 'Low Level' to this specific profile. To the right, there are sections for 'STEWARDSHIP REPORTS' and 'CONTACT US'. The URL 'district.org/governance' is visible in the bottom left corner.

Landing pages are essentially folders!

Perfect for “low level” organization

Concepts: Nested Landing Pages & Subteasers

You can create a Landing Page that displays other Landing Pages! We call these *nested landing pages*

By enabling **subteasers** you can directly display the teasers from your nested landing pages directly!

The screenshot shows the Streamline Training website. The header includes the logo, contact information, and a search bar. The main content area is divided into sections. Red boxes and arrows highlight specific elements:

- Teasers:** Indicated by red arrows pointing to the 'Service Requests', 'Existing Customers', and 'Billing' sections.
- Subteasers:** Indicated by red arrows pointing to the 'Classic FAQ for Ice Cream' and 'Essential FAQs for Ice Cream' sections.

The website content includes:

- ABOUT US:** STAFF, FAQ, OUR HISTORY.
- FAQs:** Welcome to our FAQ page! This is an example of a **landing page** - a page designed to feature content from other pages, using Teasers and Teaser zones! Everything you see below this text are actually teasers to other pages. These can be reorganized, customized, removed, etc simply by editing the page they are on. Landing pages work great for a variety of things you may want to create, such as:
 - A roster of your board members or staff
 - A 3000 or more page
 - An FAQ page
 - Community Calendar
 - A Helpful Links page
 - and more!
- CRITICAL CLIENT UPDATES: NEW TRAINING WORKSHOPS AND MORE!**
 - What better way to celebrate summer at home than to go back to school? Each Wednesday, we'd love you to join us for a 20-30 minute workshop tackling a specific subject on how to up your website game..
